Beyond the Pink Ribbon

Breast Cancer Screening in Australia

Exploring screening participation, regional inequalities and women's health outcomes across Australia.

INTRODUCTION + NATIONAL HIGHLIGHT / 52.4% participation

Soft Pink Editorial: serif headings, warm paper, pink cards and teal data accents.

01 / The national picture

C01 - Participation trend

LEGEND

Line chart + period labels

KEY FINDING

Participation fluctuates over time.

02 / Geographic inequality

C02 - SA3 participation

LEGEND

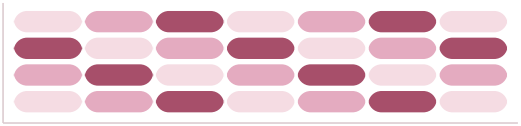
Choropleth + colour legend + hover

KEY FINDING

National averages can conceal local differences.

03 / Who participates?

C04 - Age and reporting period



LEGEND

Heatmap + age / period labels

KEY FINDING

Participation differs by age and period.

04 / Connecting outcomes

C11 - Participation vs mortality

LEGEND

Scatter plot + state tooltips

KEY FINDING

The comparison is descriptive; it does not establish causation.
